

## Message

Nagpur is known for its readymade garment industry. With increasing global competition as well as opportunities it has become important for Small, Medium Entrepreneurs to come together in a cluster forum to create the strength required to adopt modern technologies, create brands and tap market potential.

I am glad that some Small, Medium Entrepreneurs have come together to form an Special Purpose Vehicle (SPV) and initiate the proposal for creation of Common Facilities Centre (CFC) for readymade garments in Nagpur.

I wish Special Purpose Vehicle (SPV) all the success it deserves and assure complete co-operation and assistance on behalf of Government of Maharashtra.

( Sanjay Sethi )  
Secretary, M.S.M.E.
